Dear Suncor Energy Board of directors

RE: East Tank Farm

On behalf of my council, and the entire Mikisew Cree Nation membership at large, I would like to thank you and the entire Board of Directors for your support and approval of the Suncor Energy and Mikisew Cree Nation East Tank Farm partnership.

We applaud the entire board for guiding Suncor towards this monumental deal. This partnership not only represents an opportunity for our nation to benefit financially for years to come, but it also represents a framework for how First Nations and Industry can work together in a respectful, sustainable, and meaningful relationship. This partnership will set the precedent for how other multi-national corporations need to work with First Nations in this country. We value your initiative for understanding our nation's needs and creating an opportunity that allowed us to finally have an equity stake in our traditional territory.

Once again, thank you for this opportunity and we look forward to working with you on future opportunities that may present themselves.

Sincerely,

Chief Archie Waquan
Chief, Mikisew Cree First Nation
Allison Bay Indian Reserve #219
