

The Suncor Burrard Products Terminal is situated on 430 acres of land of which 175 acres are used for terminal operations.

- The Upper Terminal, located in Port Moody, contains the fuel processing units, main tank farm and the fuel blending facilities.
- The Middle Terminal is located on the south side of the Barnet Highway in Burnaby. It contains the secondary tank farm and truck facilities.
- The Lower Terminal is located in Burnaby, Port Moody and along the Burrard Inlet. It contains the marine and rail facilities.

Gasoline, diesel, jet fuel, ethanol, and bio-diesel arrive at the terminal via pipeline, marine tankers, trucks and rail.

Imperial Pipeline Integrity Work

Imperial Oil has advised the Burrard Terminal they will be performing integrity work on their existing pipeline.

The work will be conducted on the north side of Culzean Place, within the Suncor fence line. Work is expected to last approximately three to four weeks.

As part of Imperial's work, they will be performing ground disturbance to expose the pipeline for a visual inspection and maintenance. The work is to be confined to approved working hours as defined by the City.

For more information on the integrity work, please contact Kelly Hollman, Imperial Right of Way Coordinator, at Kelly.a.hollman@esso.ca or 780-465-8407.
