

## PERFORMANCE SUMMARY TABLE

As per the requirements in the Petroleum Refining Technical Standard a table labelled "Performance Summary Table" must be created that contains:

- a summary of all notifications required to be given under subsections 8 (1),
- a summary of the number of contraventions of subsections 11 (1) and 26 (1), and an indication of whether an order has been given to the petroleum refining facility under subsection 52 (5) or section 58.
