

05 May 2014

**Attention: Hounsfield Heights – Briar Hill Community**

**Subject: Open House**

**RE: The Sears Canada Site Management Plan (2014)  
For the Hounsfield Heights – Briar Hill Community  
Calgary, Alberta**

---

The Event details are outlined below:

- **Location:** Hounsfield Heights-Briar Hill Community Centre  
Gymnasium (1928 - 14<sup>th</sup> Avenue NW)
- **Date:** 27 May 2014
- **Time:** 7:00 to 9:00 pm

**Refreshments and snacks will be provided**

Sears Canada Inc. (Sears) cordially invites the residents of Hounsfield Heights to join us for an informal discussion of the major elements of the recently submitted Updated Site Management Plan (2014) for the Hounsfield Heights – Briar Hill Community (SMP). The SMP addresses the accidental fuel release associated with the former Sears Service Centre, which had been located at the North Hill Mall.

The purpose of the Open House is to provide you the opportunity to obtain information regarding the upcoming work plan, including affected areas, schedules and other key information. Work in the area is scheduled to begin in June 2014.

Personnel from Sears, Clifton Associates Ltd (consultants), Intrinsic Environmental Sciences (consultants), your own Gas Plume Committee, the City of Calgary, Alberta Environment and Sustainable Resource Development (AESRD) and Alberta Health Services (AHS) will be present to answer your questions and concerns regarding the upcoming work, as well as provide other information regarding the project, including:

- A presentation from Clifton and Sears outlining the details of the new SMP;
- A general question and answer session on the details; and,
- Illustrations depicting current Site status and other technical details.

Clifton will be requesting information from owners/occupants of certain property addresses during the open house, including: Does the residence have a basement or crawl space? Does the residence have a sump pump or cistern? Would the residents object to having a monitoring well installed on their property to help better define area conditions?

If you are unable to attend the Open House and would like to obtain information related to the new SMP and the upcoming work within the community, please contact Mr. Stephen d'Abadie of Clifton at [stephen\\_dabadie@clifton.ca](mailto:stephen_dabadie@clifton.ca). Sears looks forward to discussing this project with the residents of the Hounsfield Height – Briar Hill Community.

Sincerely,

Stephen d'Abadie, M.Eng.  
Project Manager
