

Hounsfield Heights

Open House

Dear Hounsfield Heights Neighbours,

The Open House details are provided below:

Location: Hounsfield Heights – Briar Hill Community Centre Gymnasium (1928 – 14 Avenue NW)

Date: 12 September 2022

Time: 7:00PM to 9:00PM

Refreshments and snacks will be provided.

Suncor Energy Inc. (Suncor) cordially invites the residents of the Hounsfield Heights and Briar Hill Community to join us for an informal discussion related to the continuing site management of the fuel release associated with the former Sears Service Centre. The former service centre, which had been located at the North Hill Mall, operated from 1958-1995.

The purpose of the Open House is to provide you the opportunity to meet the individuals from Suncor and their associated consultants that are directly involved with the project. Personnel from Suncor, Clifton Engineering Group (consultants), Millenium EMS Solutions Ltd. (consultants), Intrinsic Environmental Sciences (consultants) and Alberta Environment and Parks (AEP) will be present to answer your questions and concerns regarding the site.

If you are unable to attend the Open House and would like to obtain information related to the work within the community, please contact Suncor at hounsfieldheights@suncor.com. Suncor looks forward to discussing this project with the residents of the Hounsfield Heights – Briar Hill Community.
